Semper Fi is beautifully crafted in richly finished teak, with cabin soles of solid hand laid teak and holly. This combines the timeless elegance of traditional workmanship and materials with tomorrow's technology.

Three double staterooms, all with en suite bathrooms, combine to provide the highest level of luxury and privacy.

The generous deck space allows sun worshippers plenty of tanning opportunity while the huge bimini and aft deck awnings provide refuge in the heat of the day. The large teak laid aft deck, with sun awning and teak table that seats eight or more in comfort, is ideal for candlelight dinners in those sheltered coves and bays.

The salon and staterooms are fully airconditioned and will ensure that you have a restful night in preparation for another day in paradise.
